ORDERING:	You can place an order by calling, emailing, or faxing our office. Please visit our website www.hedgerowfarms.com for additional information on how to place an order.
------------------	---

NATIVE GRASS STRAW :	We have native grass straw that is certified noxious weed free by the Yolo County Agriculture Department. Straw is available by the bale.
-----------------------------	---

CUSTOM SEED MIXES:	Not sure what you need, or how much? The experienced personnel at Hedgerow Farms are ready to help you design custom seed mixes to fit your specific ecological zones. We can help you decide on species, ecotypes and application rates.
---------------------------	---

EQUIPMENT RENTAL:	We rent out our Truax drill seeders, drop seeders and broadcast seeders for local projects that purchase seed from us. Please contact us for more information, availability and rates.
--------------------------	--

CUSTOM SEED CLEANING:	We offer custom seed cleaning. Please contact us for information on pricing. We have an assortment of large and small machines and tools that we can use to clean a variety of seeds.
------------------------------	---

CENTRAL VALLEY POLLINATOR SEED MIX:	Hedgerow Farms has partnered with the Xerces Society to offer a native seed mix designed to provide foraging and nesting resources for pollinators in the Central Valley. The mix includes forb species that provide nectar and pollen throughout the entire growing season.
--	--

NURSERY TRANSPLANTS	We grow a large variety of species in plug transplants. Plug plants are 1" X 1" X 2 1/2" and are grown in 200 cell trays. You can order plugs in any quantity and plugs can be shipped, delivered, or picked up. Large orders need to
